Education

01/2005 - 01/2010

Arizona State University

- Herberger School of Design and the Arts | Bachelor of Arts with Honors, Illustration
- School of Life Sciences | Minor, Biology

Work Experience

01/2017 - present

Arizona State University | (Contractor) Programmer, Developer

- Converted existing games/simulations from Flash Actionscript (no longer supported) to Javascript/HTML5 content complying with modern W3C standards.
- Collaborated with researchers and biologists to design and develop new games/simulations for K-12 audiences explaining and demonstrating fundamental concepts of biology.
- Optimized content for accessibility and viewing on handheld (mobile and tablet) devices.

01/2016 - present

Assorted Small Projects | (Contractor) Illustrator, Graphic Designer, Web Developer

- Collaborated with independent clients completing over 200 small scale projects.
- Illustrated and designed a variety of material including infographics, scientific illustrations for books and research publications, coloring pages, worksheets, informational handouts, conference booklets, promotional brochures, event posters, fliers, stickers, patches, card games, martial arts clothing, mugs, holiday cards, cartoon avatars, online icons, and logos.
- Produced digital assets (backgrounds and layered scenes) optimized for 2D animation.
- Developed Drupal websites, provided technical support for implementing new features and updating existing modules, and updated content on existing websites in accordance to client specifications.

05/2016 - 09/2019

Fun Science Toons | (Contractor) Illustrator, Animator, Project Coordinator

- Developed overall graphic style for a series of animations promoting the fundamental concepts of science, including designs for 15 main characters.
- Created over 30 background illustrations and over 180 template illustrations with layers optimized for 2D animation, including 3 full 3/4 character rigs.
- Created rough animated storyboards for 5 animations (between 4:15 - 8:30 minutes long), produced animation for 2 complete episodes (4:30 and 8:30 minutes long).
- Collaborated with project leads and student workers ensuring quality and style consistency.

- 06/2010 - 12/2015 **Arizona State University School of Life Sciences Visualization Lab | *Graphic Specialist***
- Produced educational activities for teachers to implement in K-12 classroom environments.
 - Designed illustrations, graphic layouts, and JavaScript game content for *Ask A Biologist*, a non-profit site impacting over 49,000 visitors per day worldwide.
 - Collaborated with researchers and professors to create biological figures for grants, publications and classroom use in accordance to project specifications and guidelines.
- 02/2006 - 06/2010 **Arizona State University School of Life Sciences Visualization Lab | *Team Member***
- Assisted in the design, print and distribution of publication materials in accordance to printer and company standards in a fast-paced environment.
 - Operated and maintained large format printer, reviewed files prior to print for potential issues to expedite printing process.
 - Developed websites and trained clients in basics of updating web content.

Publications

- 2020 **Brazilian Jiu Jitsu: The Rules of the Game by Ana Yagües (in press) | *(Contractor) Illustrator***
- Created 40 digital illustrations for a book dedicated to teaching the rules of Brazilian Jiu Jitsu to parents and kids of all ages.
- 2019 **Moms, Dads, and Lily Pads by Karla Moeller | *(Contractor) Illustrator, Graphic Designer***
- Digitally illustrated and designed 48 page book for children about family equality using examples from the animal world.
- 2017 **Joryn Looked Up by Karla Moeller | *(Contractor) Illustrator, Graphic Designer***
- Illustrated and designed 48 page book for children about adapting to and accepting life changes. Available in Kindle version, translated into three different languages (French, Italian, Spanish).

Volunteer Work

- 01/2010 - present **Arizona Dragonflies | *Web Developer, Graphic Designer***
- Designed and developed *Arizona Dragonflies* (<http://azdragonfly.org>), an educational non-profit site providing resources for dragonfly identification impacting over 23,800 visitors per year. Providing ongoing technical support.
- 06/2018 - 10/2018 **Belgium 2018 Grapplethon | *Illustrator, Graphic Designer***
- Designed and developed promotional material (fliers, posters, banners, stickers, patches, social media graphics, coloring pages) for the *Belgium 2018 Grapplethon*, a two-day event raising money for charities supporting people with autism. The event was attended by over 200 people from 10 countries and raised over \$2,600 for donation, exceeding expectations.
